General Information

IMPORTANT SJSU INFORMATION - PLEASE READ

This is an unofficial degree progress report based on your "Requirement (Catalog) Term". Click on that link above to learn more about your "Requirement (Catalog) Term". This report should be used in consultation with your advisor. An official graduation worksheet will be sent to you once you apply for graduation.

Use the expand all option to see the status of all requirements and sub-requirements.

Courses in progress are treated as if they will be passed with satisfactory grades; however, actual units are not earned until the course is successfully completed.

Every effort has been made to ensure the accuracy of this report; however, if discrepancies arise, SJSU and CSU regulations prevail. Report any perceived discrepancies to your advisor in your major or college advising center. Questions about General Education or American Institution requirements should be discussed with an advisor in Academic Advising and Retention Services.

For more information, visit www.degreeprogress.sjsu.edu.

Refer to the SJSU catalog (based on your requirement term) for more information about your degree program.
